MOOSE DEMAND
INQUEST OVER
GAYLOR DEATH**Dictator Kent Secures
Inquisition—Died
at Co. Home.**

Dixon Lodge L. O. O. Moose this morning through Dictator William G. Kent made formal demand for an inquest into the death of Webb Gaylor, a member of that order, who passed away at the County Infirmary near Elmhurst yesterday, and after a telephonic conversation with Coroner Whetstone at his home in Steward this morning Mr. Kent announced that the inquest would be held at Steeles, Moyer & Schumm undertaking rooms this evening.

It was stated by Mr. Kent that the deceased was a member in good standing of the Dixon lodge, but that none of the lodge officials had any information that he had been taken to the County Infirmary. While Mr. Kent did not express a belief that there were any untoward circumstances in the death of Mr. Gaylor, he said that in view of recent charges made before the Board of Supervisors concerning affairs at the county home the lodge officials thought it best some legal investigation be made of the death of the member, inasmuch as beneficiaries of Mr. Gaylor are entitled to benefits from the order.

To Take Action Tonight.

Some action toward this investigation and proper funeral for the deceased will be taken at a meeting of the lodge at 7:30 o'clock this evening, which every member is urged to attend.

Mr. Gaylor, whose wife resides near Oregon, was about 60 years of age, and for many years was a resident of Dixon, being employed as engineer at the water works and later at the colony.

Coroner Whetstone will convene the inquest at 8 o'clock this evening, the jury will view the remains, and then adjourn until tomorrow morning.

Funeral services will be held at 9:30 o'clock tomorrow morning at the undertaking rooms, Rev. Johnson officiating and with the Moose in charge. Burial will be at Oakwood.

After a most thorough investigation of all of the evidence at hand, none of which had been moved or touched in any manner, which examination occupied all of yesterday afternoon and the greater part of this morning, Superintendent Gray of the Joliet district of the Standard Oil company could offer no explanation of the explosion which damaged the company's filling station at Third street and Galena avenue early Sunday morning.

Mr. Gray stated to a Telegraph representative this morning that the explosion could not have been caused by fumes from any stock kept in the building and he affirmed the statement of local officials that since none of the pipes leading to the big gasoline storage tanks passed through the building gasoline fumes could not have been the occasion for the accident. Further more, the superintendent stated, with the windows of the basement open as they were for nearly two hours the mishap, there have been no confinement of any kind of gas sufficient to have caused an explosion of such force as resulted here.

As superintendent of the district Mr. Gray has inspected the Dixon station at intervals of about two weeks ever since.

**HOUSE TO VOTE
ON PROPOSAL TO
MODIFY DRY LAW****Plan to Allow Wilson to

Considered.**

By Associated Press Leased Wire
Washington, June 18.—The house judiciary committee agreed today to vote Saturday on a proposal by Representative Gard, democrat, Ohio, which would authorize the president by proclamation to modify the war time prohibition law insofar as it relates to the manufacture and sale of beer and light wines.

There was no discussion of the proposal, offered as an amendment to the prohibition enforcement bill, and consideration of it went over by consent.

The committee has eliminated that section of the bill proposing appointment of a prohibition commission to have general charge of enforcement of the law, and approved an amendment turning this work over to the commissioner of internal revenue.

SURVIVOR OF WOUNDS
AT ST. MIHEL DIED
AT HOME LAST NIGHT**Corp. Herbert McDermott
Died at Home Last
Evening.**

Corporal Herbert McDermott—survivor of terrible wounds received in St. Mihiel drive, which wounds were believed by the commander of his regiment, Col. John Clinnen, to have caused his death, thereby moving that officer to state publicly in Chicago after the arrival of the regiment there that if any one man in the outfit deserved the Medal of Honor it was Corp. McDermott—passed away at the home of his parents, Mr. and Mrs. Martin McDermott in Marion township at 9:30 o'clock last night.

Attended Celebration.

Death came unexpectedly to the young soldier, and his passing was probably indirectly due to the terrible wound he received in the head during the fight in which he and his comrades performed so bravely. He attended the "Welcome Home" celebration in Dixon last Thursday and participated in all of the activities of the returned fighting men, including the parade in the evening.

Brother Returned Thursday.

At 5 o'clock he and his parents went to the depot to meet a brother, LeRoy McDermott, who had been discharged at Camp Grant that morning, and after spending the evening enjoying the festivities, the family returned home late in the evening.

Friday morning Herbert told his parents that his head had pained him considerably on the way home and was gradually growing worse. A physician was summoned and everything possible was done, but to no avail, for the brave boy passed away last evening. It is believed the heat of the day may have caused a condition of abscess or meningitis to develop in the wound, for as his last illness progressed the pain and swollen conditions moved slowly downward into the neck.

Was Splendid Man.

On Sunday next, June 22, the cornerstone laying of the new St. Patrick's church in Maytown will take place at 2:30 p. m. The ceremony will be performed by the Rt. Rev. P. J. Muldoon, D. D., Bishop of Rockford, assisted by a number of priests from the neighboring parishes. Various documents are to be placed in a box buried in the stone, which documents may some day prove of great historical value.

After the cornerstone laying has taken place the Rt. Rev. Bishop will proceed to the blessing of a beautiful new bell donated by one of the parishioners. The bell weighs one thousand pounds, is forty inches in diameter and a product of the Cincinnati Bell Foundry Co.

Before and after the ceremonies the ladies of the parish will serve refreshments.

By Associated Press Leased Wire
Weimar, Tuesday, June 17.—(Delayed.)—No statement has been issued by the German cabinet on the allied reply to the German counter proposals but the Associated Press learns that sentiment in the cabinet is almost unanimously against signing the treaty, the only objection being the possibility of bolshevism and chaos in Germany.

The cabinet met at noon and continued its session until late in the day. The peace commission began deliberating on the entente answer at 9 o'clock tonight. Indignation is said to be increasing in Weimar.

INTERVENTION IS EXPECTED.

By Associated Press Leased Wire
Copenhagen, June 18.—The amended peace terms have aroused a sentiment of growing implacability in Germany and armed intervention by the allies is regarded as inevitable, according to the Berlin correspondent of the Politiken. It is reported that Count Von Brodtkorf Rantzau, the head of the peace delegation, and Matthias Erzberger, chairman of the armistice commission have reconciled their differences. The correspondent says that if the report is true the reconciliation will have an important bearing on the acceptance or non acceptance of the terms.

The socialist Vorwaerts of Berlin says it expects a re-opening of hostilities as soon as the seven days given Germany to make reply have expired. The Fremdenblatt of Hamburg says it learns that the allied terms have caused great excitement in eastern Germany where the population is ready to re-open the fight.

**I. C. PASSENGER
LEFT RAILS NEAR
MENDOTA TODAY****Open Switch Cause—
Engine on Side—No
One Hurt.**

Traffic on the Illinois Central was delayed nearly six hours today by the derailment of the north bound passenger due in Dixon at 9:55, at Mendota. The engine and all the coaches of the train left the rails south of the Mendota depot and the engine turned partially over on its side, but fortunately no one was injured.

Particulars of the accident reaching the railroad office at Amboy are to the effect that a north bound coal train, in charge of Conductor E. D. Sullivan of Dixon pulled out of Mendota some time before the passenger was due. Conductor Sullivan riding the engine out of the yards and leaving the rear brakeman to close the switch with instructions to take the passenger train to Sublette where the passenger would overtake and pass the freight train.

It is believed that the switch was not properly closed although a south-bound freight pulled out over it as soon as Conductor Sullivan's train had left. However this could have taken place as a southbound train would run over the switch without mishap, the switch opening toward the north.

When the passenger ran into the switch it was traveling quite rapidly and before the engineer could bring it to a stop all of the coaches had left the rails. It was necessary to summon the wrecker from Freeport and at noon it had not arrived at Mendota.

At 1 o'clock a train of passenger coaches following the wrecker, arrived at Amboy from Freeport, the locomotive was turned back and the cars were backed to Mendota to pick up the stalled passengers. It should arrive in Dixon during the afternoon.

The officials at Amboy at 1 o'clock had been unable to determine whether the switch had not been properly closed or whether it was defective.

DIXON COMMANDERY
COMPLETED ITS BEST
YEAR LAST EVENING**Excellent Growth Made
Under Commander
Glen F. Coe.**

The annual conclave and election of officers of Dixon Commandery No. 21, Weimar, Tuesday, June 17.—(Delayed.)—The meeting marked the close of the most successful year in the history of the Dixon Commandery with a record of 76 memberships having been added under the leadership of Glen F. Coe as Commander.

It will be remembered in Masonic circles that the retiring Commander, Eminent Sir Knight Glen F. Coe served as Master of Friendship lodge, No. 7, in 1917, and with equal laurels added a total of 100 members to the lodge. This was in a great measure an important factor in the growth of the commandery during the year just closed under his leadership.

Soon after the installation one year ago the Commander started to organize what has developed into one of the best drill teams in the state of Illinois and one that brought great credit to the commandery at the annual inspection conducted by Eminent Sir Knight Arthur Wainwright, of Galesburg, recently. The drill team for the past six months has been under the direction of Captain Clarence G. Preston. It was voted by the commandery to present jewels for regular attendance at the drills and at this time two-thirds of the team have won their awards.

**ARMAMENT WILL

BY THE LEAGUE****Sen. Norris Disputes
Statement Made By
Sen. McCumber.**

By Associated Press Leased Wire
Washington, D. C., June 18.—Senator McCumber's statement that operation of the league would bring about a reduction in world armament was challenged by Senator Norris, republican of Nebraska, who said he doubted such results because unanimous consent of all signatory nations would be required. Mr. McCumber said with countries generally impoverished, disarmament gladly would be agreed to.

Sensors Williams, of Mississippi, and Walsh, of Montana, democrats, said disarming of Germany would tend toward disarmament.

LIVELY DEBATE EXPECTED

By Associated Press Leased Wire
Washington, June 18.—More debate on the league of nations was in store in the senate today.

Although appropriations constituted the business technically under consideration Senator McCumber of North Dakota, republican member of the foreign relations committee had given notice of his intention to speak some time during the afternoon in support of the league of nations and it was thought likely the address would develop a general discussion.

Senator McCumber was prepared to reply to arguments presented yesterday by Senator Knox, republican of Pennsylvania, who pleaded against accepting the league until the country had more opportunity to study it. The debate thus developing is expected to occupy the senate a part of virtually every day until final action, probably many weeks hence, on ratification of the treaty.

May Vote on Friday
It is probable that Senator Knox will make no effort to bring up until Friday his resolution designed to serve notice that the senate opposes acceptance of the league covenant as now dovetailed, with the peace terms. Either Friday or Saturday supporters of the resolution expect to try for a test vote to show the exact strength of the league opposition. The league supporters are expected to oppose such a move, holding a vote on the measure before signing of the treaty would be unwarranted interference with the peace treaty.

GOVERNOR ASKS
SHORT DAY FOR
WOMEN WORKERS**Appeals to Assembly
to Pass Nine-Hour
Bill as Drawn.**

By Associated Press Leased Wire
Springfield, Ill., June 18.—Governor Lowden in a special message to the legislature today urged passage of legislation to shorten hours of women workers.

While the Barr "nine hour" bill was not specifically mentioned, it was to this measure, now in a conference committee, that attention was called by inference.

The governor referred to the commission created by the fifth general assembly which recommended an eight-hour day for female employees, and to his biennial address in which he asked that limitation be placed on women's working hours.

Short Day Is Needed.
"I think," said the message, "that no one can read the report of the commission without reaching the conclusion that a much shorter day is demanded than is now provided for under our law. The report also discloses so far as figures are available that where the number of hours has been reduced a larger efficiency is obtained."

"I am persuaded that many of our employers have misled themselves as to the effect of this legislation upon this subject. While all the world is moving toward shorter hours of labor, shall it be said of Illinois that she permits her women to be worked seventy hours a week?"

The Cliffe bill, providing for two new congressional districts in northern Illinois, is dead today having been killed in committee last night.

LAST DAY OF SESSION
By Associated Press Leased Wire
Springfield, Ill., June 18.—Both houses of the legislature settled down early today on the final grind of bill passing which is scheduled to come to an end some time tonight or in the wee hours of tomorrow morning. Turning back of the clock probably will be resorted to in order to quit theoretically at midnight.

In the interval of ten days before sine die adjournment, Governor Lowden will act on bills.

Principal interest in the house centers in the fate of the boxing bills which are on third reading. Both the ten round, commission bill and the "pink tea" bill await a final decision by members of the lower house. Friends of the ten round measure are forecasting that it will pass.

An attempt to resuscitate the Glackin bill to enable cities to increase their bonded indebtedness, which failed 73 yesterday, will be made today. If this measure is defeated, sixty odd tax adjusting bills will die on the calendar. If it passes, the house will begin the work of calling the roll on the sixty bills with adjournment 36 hours distant.

At midnight last night, the house killed the "movie" censorship bill by striking it from the calendar.

**DAVID DAVIS, AMBOY,
DIED LAST EVENING**

David Davis, a well known resident of Amboy, passed away last evening at the family home in West Amboy after a lingering illness.

He was born 76 years ago in Bureau county and had lived in Amboy for a number of years. He was a teamster by trade. He is survived by his wife and three sons, Edward, William and Jesse. One son, George, passed away two weeks ago.

The funeral will be held Thursday afternoon at 2:30 at the Methodist church in Amboy. Rev. Joseph Burrows, officiating. Interment will be in Prairie Repose cemetery.

By Associated Press Leased Wire
Washington, June 18.—"The Mexican government considers as closed the incident brought about by the crossing of American troops into Mexican territory" said a statement issued here today by General Candido Aguilar, President Carranza's confidential ambassador to the United States.

By Associated Press Leased Wire
Washington, D. C., June 18.—An announcement was made today by the state department that American officials in Mexico had made strong representations to the Mexican government for the protection of Americans in the disturbed area of that country.

A dispatch received by the department today from Juarez said that city was quiet and that there was no evidence of ill-feeling toward Americans.

Particulars of the action of the United States troops in crossing the border at Juarez to protect the lives of American citizens were published yesterday in the Mexican City newspapers without editorial comment. A resolution to interrogate President Carranza on the action of the American forces was said to have received practically no support in the chamber of deputies.

A dispatch from Laredo said General Renaldo Garza, commanding officer at Nuevo Laredo, and his staff, accompanied by General Gregorio Ozueta, made an official call yesterday on Colonel Beaumont B. Buck, the new American commanding officer at Laredo. Colonel Buck and his staff will return the call, which was understood to have been made by direction of President Carranza.

By Associated Press Leased Wire
El Paso, Texas, June 18.—Interest in Mexican developments on this border shifted today from the Juarez sector to the interior where Americans are at the mercy of Francisco Villa and his force of rebels except in the larger towns and cities, should Villa start a campaign of reprisal against Americans because American troops crossed the border Sunday night and drove his men away from Juarez.

Communications down south of Juarez, the railroad is completely wrecked between Juarez and Chihuahua City and wagon roads are dangerous because of Villa's presence south-west of the Mexican town so that nothing can yet be learned of the developments south of the international boundary. American mining companies having American employees in isolated mining camps in the north have ordered their men to leave and make their way to the border by way of Torreon in order to avoid the Villa bands now believed to be roving over the country between Chihuahua City and the border.

By Associated Press Leased Wire
Atlantic City, N. J., June 18.—A resolution asking President Wilson to remove Postmaster General Burleson from office was adopted unanimously today by the American Federation of Labor in convention here.

By Associated Press Leased Wire
Chicago, Ill., June 18.—Officials of the Commercial Telegraphers Union of America, members of which entered on a nation-wide strike just one week ago, expect a decision on the attitude of the American Federation of Labor is to take toward their trouble with the commercial telegraph companies.

President S. J. Koenekamp said additions to the ranks of the strikers were being daily reported to him from various points and he estimated that 27,000 men were out.

Officials of the West Union and Postal companies said their business was being conducted without any appreciable trouble and that they regarded the strike as practically at an end.

It is expected that labor leaders will arrange a conference with Postmaster General Burleson this week with a view to getting his recognition of the rights of telegraphers to collective bargaining, recognition of the union and adjustment of the wage scale, which recognition he gave the electrical workers on Saturday. Striking telegraphers assert it was for recognition of these principles they struck against the telegraph companies.

By Associated Press Leased Wire
Coblentz, Tuesday, June 17.—(Delayed.)—The concentration of troops preparatory to advancing further into Germany, if the Germans refuse to sign the terms of peace, will begin on Wednesday throughout all the occupied area. Orders to this effect were received today from Marshal Foch, commander in chief of the allied armies, who sent similar orders to all the allied forces on German soil.

Lieut. Gen. Hunter Liggett, commander of American forces in the Coblentz area, said today, after an inspection of the bridgehead outposts and the headquarters of divisions along the Rhine, that the American forces were all ready to move ahead at a moment's notice. Leaves to soldiers permitting them to visit recreation points within the American zone have all been suspended until it is known whether the Germans will accept or reject the peace conditions.

If orders come to go ahead, the Americans will advance in combat formation prepared for any emergency, with the artillery and supply trains following close upon the heels of the infantry.

13 Sons in French Family Die in War; Ten Still Survive

Paris, June 10.—(Correspondence of the Associated Press.)—Thirteen sons killed on the field of battle, three discharged with grave injuries, one wounded four different times, the father and one daughter summarily shot by the Germans for going to Lille to celebrate the centennial anniversary of a relative, and another daughter killed by a German shell at Dunkirk, is the record of the family of M. Vanhee, a French farmer of Reminghe near Ypres.

M. Vanhee had 36 children, 22 sons and 18 daughters, all of whom were living when the war broke out. One of his sons was valet to Pope Pius X; he returned to France to fight and was wounded in each of four different engagements. One of the sons lost both legs, another returned from the front blind and deaf, and another underwent the trepanning operation.

JURY SELECTED TO HEAR DRAINAGE CASE

A jury was selected yesterday afternoon in the county court to investigate the annexation proceedings involving over 600 acres of land in Alto and Reynolds township to the Inlet Drainage district. The proposition also involves highways in the two townships. Attorneys C. E. Gardner, of Rochelle, and Harry Edwards, of this city, appear for the objectors while Attorneys H. A. Keeping Up Repairs

Don't let your buildings run down. High prices and war-time economy have prevented many repairs to property. In the case of buildings—if you protect the surface you protect all. Paint is the universal preserver. There is no prospect of paint being any cheaper in the near future, hence it is poor economy to postpone its use, when conditions call for its use. Then, too, fresh paint gives your place that well-kept look that is so satisfying.

Our Paint, Varnish and Stains are made by the Harrison Works, owned and operated by the DuPont Powder people, and has had a reputation for quality for more than 100 years. Let us fill your wants.

Official Tests Give Brunswick Tires First Place

Here Is the Evidence:

Mr. T. A. Dwyer, Treas.
The Brunswick-Balke-Gollender Co.,
25 West 32nd St.,
New York City.

My dear Mr. Dwyer:

- No doubt you will be somewhat surprised to hear that I have received my discharge and expect to be back in New York in the near future.
 - The following information will probably be of interest to you.
 - While I was serving as expert for the Government on the Motor Transport Board in Washington, D.C., I had charge of the examination and tests of all the different pneumatic tires of "Standard Makes" at Camp Halibrad, Md. Altogether there were three tests:
- Road Test
 - Chemical Test
 - Overseas Test
- The Road Test was very severe, being over some of the worst roads in Maryland with an exceptionally heavy load of merchandise. This test proved that your pneumatic tire had gone ten thousand miles before hitting the fabric.
 - The Chemical Test was scientific, the tire being put into a tank of very strong acids and salts and kept therein for forty-eight hours. This test also proved your tire superior to all others. After the Chemical Test it was put through what is known as the Fire Test. This simply means that the tire is put into an oven and baked and the results showed that your rubber was properly cured.
 - The Overseas Test is the most interesting and severest of them all. The tire is put on a spin-wheel with an inner tube with a hundred pound air pressure and spun around on a sort of a Cam Shaft, at a terrific rate of speed, hitting all kinds of broken metal and glass, tacks and nails, and in fact several sorts of sharp edges that would penetrate through the rubber and fabric. It affords me great pleasure to inform you that the Brunswick Tire came out ahead for endurance and service of all the other tires, which were up for examination before the board, of which I was chairman.
 - All the above experiments required a new pneumatic tire of each make for each test, and the tires were bought at different points throughout the United States, so that the manufacturers would not get special made tires to put over on us.

With best regards to Mr. C. P. Miller and yourself and wishing you a prosperous New Year, I am
Sincerely yours,
T. A. Dwyer

Motor Transport Corp.,

SISTER'S POCKET

Small boys' pockets have been a nev-
er-failing source of interest to grown-
ups. Mothers and fathers marvel at the
wealth of treasure which a barefoot
son is able to accumulate and stuff into
the limited space available. More than
one author since Mark Twain has at-
tempted to describe this characteristic
of the American boy. His little sister
has no such opportunity. Perhaps if
she had she would acquire more ability
in trading and so put a crimp in old H.
C. of L.

But mark you, the small boy grows
up. Fifteen years later the young man
has abandoned his old habits. A hand-
kerchief, memorandum pad, watch, pen
and pencil, a key ring and some cash is
all he carries. He has become a Beau
Brummel and a lot of "junk" pulls his
clothes out of shape—and that will nev-
er do.

Fifteen years later sister has become
a young lady. She carries a vanity box
which is rarely larger than a hat case.
Let's glance into it. Here is bonnet
list of the contents of a box recently
inspected: Handkerchief, theater tick-
ets, hat pins, check book, fountain pen,
two bottles of perfume, smelling salts,
hair pins, comb, purse, memorandum,
four newspaper clippings, a veil, a pair
of gloves, a watch, three letters, post-
age stamps, lip sticks, powder and puff,
vest pocket edition of Bensen, a mirror,
needles and thread, a piece of chamois,
a calendar, dress goods samples, and
three wrapped parcels which were not
investigated.

There's no reason to believe this in-
ventory is at all unusual. Nor was the
box particularly large. Spread out on a
desk the various items made an impos-
ing array, but the box was not quite
full even with clumsy repacking.

It does seem that sister, grown up
now, is enjoying the pockets she failed
to have as a small girl.—Minneapolis
News.

IS THERE TO BE CHEAPER BREAD?

The guaranteed wheat price of \$2.26
is likely, according to a forecast by
Wheat Director Barnes, to be scaled
down—so far as the consumer is con-
cerned. The program is that the pro-
ducers shall continue to get the guar-
anteed price, and the government will
make up the difference between that
price and the lower price that is to be
fixed, at the same time limiting the
profits of millers and controlling the
bakers and handlers of wheat products.
It appears to be a long way around, and
the ultimate consumer will be lucky if
on the way there is no "leak" on the
saying. Then there is the possibility
that farmers may hold wheat, under a
belief that next year it will be bringing
more than the guaranteed price. But
there's an immense crop in sight, and
the farmer who thus holds stands no
little chance of losing. Of course if
enough could be held back, the govern-
ment's project would have to fall flat.
The national treasury would win by this,
but Mr. and Mrs. Ultimate Consumer
would lose.

BAKER FOR UNIVERSAL MILITARY TRAINING?

Nation-wide demand for universal
military training is having its effect on
the administration, or at least on the

small section of it that is in this coun-
try at present. Secretary Baker is de-
clared to be now considering establish-
ment of universal military training in
conjunction with use of the national
guard as a reserve force. He takes the
precaution to state, however, that his
consideration is purely tentative and
contingent on the president's opinion
as to whether military training of our
youth is necessary or desirable in the
world "as it is being reconstructed by
the peace conference." When a man
with Baker's pacifist tendencies even
"considers" universal military training,
it may be counted as both necessary
and desirable in the world "as it is be-
ing reconstructed" than as it is now.
For now we go to war only when we
want to; in future we may have to go
to war when some one else wants us
to.

Baker would train young man—if the
president gives his o. k.—for from four
to six months. He would have not
more than 150,000 men in the regular
army. At the completion of each young
man's military training he would serve
one year in the national guard. This is
the most satisfactory concession to mil-
itary training that has yet come from
administration ranks.

THIS AUTO HAS NO
NEED OF A DRIVER

While Will Mitchell of the fire depart-
ment was bending over working on the
engine of the motor fire truck this morn-
ing he was startled to look up and see
a big automobile backing in the door
right toward the truck. He yelled and
tried to stop the oncoming machine, at
the same time expressing his opinion of
the driver of the car, which kept back-
ing in and finally wound up with a bang
against the big red fire machine.

Bill was some mad fireman when he
rushed around the machine and started
to pour out his thoughts to an empty
seat. The machine had been left stand-
ing at the side of the post office by Fred
Hall, and of its own accord had started
backing up, made a perfect turn and
backed across the street into the open
doorway as perfectly as the most ex-
perienced driver could have done it. No
damage was done, with the exception
of that to Fireman Mitchell's feelings.

LOWDEN ASSAILS
RADICAL SCHOOL
HEADS IN SPEECHThose with Bolshevik
Tendencies Should
Hike to Woods.

By Associated Press Leased Wire

Chicago, June 18.—Broad hints that
college professors of bolshevik tenden-
cies should be invited to hike to the wil-
derness were expressed today by Gov-
ernor Frank O. Lowden in an address
at the commencement of Northwestern
university at Evanston. The address
preceded ceremonies at which the Illi-
nois executive was given an honorary
degree.

"If the college professor believes that
socialism, as interpreted by Lenin and
Trotzky is beneficent philosophy, no one
can deprive him of that belief," said the
governor. "But those responsible for
the management of an educational in-
stitution have certain rights also.

"Of course, a teacher, to do his best
work, must be free to express his in-
nermost convictions freely. If, however,
these convictions are immoral, are op-
posed to the fundamental principles of
our institutions, the institution should
be free to relieve that teacher from fur-
ther duty.

"If the teacher believes that marriage
does violence to 'the soul's right to its
fullest and freest expression'—whatever
that may mean—he is entitled to that
belief. However, the management of
the school is well within its rights when
it invites such a professor to resign and
go off in the wilderness somewhere
where his soul can find its much desired
expression without injuring civilization."

DIXON GOLFERS SUCCESSFUL AT ROCKFORD MEET

Dixon golfers were victorious yesterday in their match with the Sinnissippi club at Rockford by a 22 to 16 score. The trip to Rockford was made in automobiles and a fine time was enjoyed throughout. The Dixon players were entertained at the clubhouse at Sinnissippi park during the day.

Members of the Dixon party were: O. M. Rogers, E. B. Raymond, Harry Roe, E. A. Sicks, Tim Sullivan, George E. Boynton, Louis Pitcher, Mark C. Keller, A. A. Rowland, Max Rosenthal, Roy Rice, Dr. C. E. Smith, Barry Lennon and "Rev." McAlpine.

Rockford is scheduled to play the return match here on September 4.

The next event at the local club is the opening round in the tournament for the Golfers' Magazine trophy. This match is open only to subscribers of the publication. The opening round opens Thursday and closes next Monday.

All contestants play 18 holes and the lowest 16 scores after deducting their handicaps are qualified to play the next round which is to be completed by June 30.

On Friday and Saturday of this week the first contest in the all-season handicap will be started. It is open to all men of the club who are to play 18 holes and the lowest net score will qualify them for the final tournament. In view of the handicap events players are urged to get their handicap cards posted to date.

PEACE SUMMARY

By Associated Press Leased Wire

While sentiment in the German cabinet, according to a Weimar dispatch, is almost unanimous against signing the treaty, official Germany has not definitely committed itself on the amended peace conditions.

The German leaders held an extended conference at Weimar Tuesday to discuss the treaty terms on which hang the future fate of Germany. It is expected that the amended conditions will be laid before the German national assembly today by the cabinet. It is declared that the only thing that might persuade the German government to agree to the treaty is the possibility of political and economic chaos in Germany afterward.

Opinion in Paris as to the eventual attitude of the Germans is divided. It is believed, however, that the Germans, knowing the certain results of a refusal to sign, will in the end agree to the terms. It is said by those familiar with the changes in the treaty that the German leaders can, if they wish, make it appear that they had gained concessions by negotiation.

In the meantime, Marshal Foch, commander in chief of the allied armies, has issued orders that preparations be made for an advance eastward from the Rhine bridgeheads as soon as the Germans refuse to meet the allied terms, if that action should be taken. American forces are all ready and if the occasion should require, can start on short notice in battle formation toward the interior of Germany.

With President Wilson in Belgium and Premier Lloyd George at Verdun today and tomorrow, the council of five will mark time. The only peace conference body in session today was the council of foreign ministers. Final consideration of the Austrian terms is planned for Friday and it is believed that the Austrians will receive the full text of the terms Saturday.

The Austrian reply to the fragmentary treaty submitted at St. Germain has been handed to the peace conference and is being translated for submission to the council of five. Nothing as to its nature has been made public at Paris, but Vienna dispatches say that newspapers there are publishing a summary of the reply, which seems to consist largely of objections to the territorial clauses of the treaty.

IRISH ATROCITIES SHOWN TO WILSON

By Associated Press Leased Wire

Paris, Tuesday, June 17.—(Delayed.)—Frank P. Walsh and Edw. F. Dunne, American representatives of the Irish societies in the United States have laid before President Wilson evidence alleged to have been received as to atrocities in Ireland. Some of the witnesses were American citizens it is said and in the course of the evidence they say they have "examined cells in which Irish revolutionists have been confined and have found fresh blood on the walls."

Mr. Walsh and Mr. Dunne request Wilson to immediately lay the additional facts submitted to him before the

J. P. HONEYCUTT, POPULAR AMBOY FARMER, IS CALLED

Passed Away at Alhambra, Calif., Monday Evening.

John P. Honeycutt, owner and manager of the Green River Valley stock farm, near Amboy, died at Alhambra, Cal., on Monday evening, where he went two weeks ago for his health. While he had been in ill-health since during the winter when he suffered an attack on influenza, his condition was not thought to be serious until the last several days.

The body will be taken to Amboy Friday and the funeral arrangement will be made later. Mr. Honeycutt was accompanied to California by his wife, who was with him at the time of his death.

Mr. Honeycutt had lived near Amboy for ten years, going there from Chicago where he was engaged in the printing business. Failing health caused him to seek the country and he established the Green River stock farm, where he made a great success with pure-bred stock. He was considered one of the county's experts on agricultural and stock questions.

He is survived by his wife, and a son, Maurice, who is in charge of the farm, and Mrs. Paul Scottford, who also lives at Amboy. He was prominent in Masonic circles, taking an active part in the Shrine and Knight Templar.

PAT WAS BARRED FROM ARMY GAMES

By Associated Press Leased Wire

Paris, June 18.—The French authorities took a good look at Pat Ryan's latitude and longitude, and voted unanimously against allowing Pat to throw the hammer in the Inter-Allied games at the Pershing Stadium.

"Too much man," was their verdict, loosely translated. They were afraid that Pat might "bean" one or more spectators with the heavy projectile—and the stadium, built by the Y. M. C. A. for the international games, is a large place at that.

Pat is really the only great hammer-cruicker over there, anyway, and as the allies have no expert in that line his part of the meet would be in the nature of an exhibition. So Pat is training for the shot-put and the discus throw, which do not look so formidable to the Continental authorities.

ICE CREAM SOCIAL

relieved the fears of the American companies operating in that district.

Carranza More Friendly
The feeling of resentment which the Carranza officials and military officers in Juarez felt against the American troops at the time of the crossing is giving way to a more friendly feeling. The prompt assurances of General Cabell that the troops would be withdrawn as soon as Villa's men were driven away from the border and the equally prompt withdrawal, caused a change in feeling among officials in Juarez and friendly relations are being restored.

The Americans on this border have changed their attitude toward the military authorities because of the expedition. At first the military was severely criticized for crossing and causing the Americans in the interior to be in danger of Villa's wrath.

Less Criticism Now
When it became known that General Erwin had positive proof gathered by members of his staff that Villa men were deliberately shooting into El Paso the criticism changed to commendation and many telegrams were sent to Washington praising the prompt action of the district commander. It also became known today that the order to cross was received from General Cabell June 12 and was only acted upon after positive proof of sniping had been obtained personally by Colonel Francis Glover, chief of staff, who was fired upon by snipers while investigating on the river front.

REMEMBERS MOTHER WITH ORIGINAL POEM

A. Jordan Donohue of the U. S. navy, writing his mother, formerly of this city, states that he was at Ponta Delgada, Azores Islands, at the time the NC-4 landed there. The young man, who was overseas at the time of his mother's birthday, remembered her in the following verses of which he is the author:

Mother, is today your birthday?
Have the years rolled round again?
Father Time, the grim destroyer,
Has not marked it on your face.

Sons are growing up around you,
Even Dad is getting gray;
Still you look like sixteen summers,
Growing younger every day.

Member when we called you "Mama"
And our baby lips you'd kiss;
Few more birthdays such as this one,
And we'll have to call you "Sis."

May God, His blessings, shower on you,
May your friends be fast and true;
'Tis the birthday greetings, Mother,
I speed across the seas to you.

FOREIGN MINISTERS MEET

By Associated Press Leased Wire

Paris, June 18.—The council of foreign ministers was the only organization of the peace conference to hold a meeting today. The ministers discussed the Polish-Ukrainian problem as well as plans for the control of Danzig during the time between German evacuation and Polish occupation.

DECISIONS ARE POSTPONED

By Associated Press Leased Wire

Paris, June 17.—(Delayed)—No decisions were reached at today's sessions of the council of four, and all reserved subjects were put over until Friday when it is hoped that final disposition will be made of them. The missing clauses of the Austrian treaty may be delivered to Dr. Karl Renner, head of the Austrian mission, on Saturday.

Compare your work equipment
with the business woman's labor-
saving conveniences—then

**Come and select a Hoosier--
Stop being a drudge**

If you are not familiar with modern business equipment, visit any office and see the many appliances that enable business men and women to do their daily tasks without wasting energy. You'll find that your workshop—the kitchen—has been pitifully neglected and much of your time squandered in needless drudgery.

This experience will prove your need of a Hoosier—the kitchen cabinet that saves miles of steps and hours of needless toil. And you'll be further convinced that you should not try to work without it if you will come and see its many labor-saving inventions and features of convenience. Every day you delay is another day of unnecessary fatigue.

DIXON COMMANDERY
COMPLETED ITS BEST
YEAR LAST EVENING

(Continued from Page 1.)

Whitcombe, is another zealous worker in the Templar Masonry and his practically completed the organization of a Knight Templar band, which with the splendid drill team already in training, has placed the Dixon Commandery among the foremost in the state. Gov. Frank O. Lowden is one of the members of the local commandery and has proven himself one of its strongest boosters.

As a reward of their appreciation of the untiring services of the retiring commander, Eminent Sir Knight Glen P. Coe, it was unanimously voted to send him as a delegate to the triennial convocation of the Grand Encampment of Knights Templar of the United States which assemblies in Philadelphia in September.

Dixon Commandery can well be proud of the staff of officers who were elected at the annual meeting last evening and the office holders may be equally proud to be selected to serve the body. The officers elected and appointed to serve for the ensuing year were as follows:

Commander—Albert B. Whitcombe.
Generalissimo—Lee Read.
Captain General—Mark C. Kellar.
Senior Warden—Amos H. Bosworth.
Junior Warden—William H. Ware.
Treasurer—S. S. Dodge.
Recorder—S. S. Horton.
Prelate—Lew E. Edwards.
Standard Bearer—Bert E. Smice.
Sword Bearer—C. B. Fowler.
Warder—Kirby J. Reed.
Color Bearer—Clarence G. Preston.
Sentinel—James Knox.

The drill team members who are deserving of great credit for the excellent work of the past year is composed of the following members:

C. G. Preston, captain; Mark D. Smith, E. W. Fiala, William W. Woolley, E. H. English, Harry A. Roe, R. H. Rowland, C. H. Russel, Harold H. Brierton, John B. Origieson, Alfred Leiland, E. L. Staples, John Hoffman, W. D. Anderson, C. B. Fowler and Walter Trautman.

The members of the newly organized drum corps are:

Baglers—R. F. Crabtree, W. B. Rush, W. D. Anderson, L. E. Birdsong, C. E. Horton and G. W. Gehant. Snare Drums—H. E. Stevens and G. C. Campbell. Base Drum—Harry Hintz.

The installation of the new officers will take place at 7:30 o'clock tomorrow evening.

Brief Summary of
Last Night's News

COLUMBUS, O.—The house of representatives failed to pass the Duff bill which would have given Governor Cox authority to revoke the permit for the Willard-Dempsey fight.

ATLANTIC CITY, N. J.—The American Federation of Labor convention adopted a resolution refusing to endorse the general strike called for July 4 as a protest against the imprisonment of Thomas Mooney.

NEW YORK—Because of the "chaotic situation" in Russia, the Imperial Russian government's \$50,000,000 three and a half per cent three year credit maturing Wednesday will not be paid. The loan was made by American bankers.

BREST—Commander Towers and Lieut. Commander Read have sailed for the United States.

WASHINGTON—Rumors of a new outrage by radicals to be attempted July 4 have reached the department of justice, and precautions are being taken to forestall the plotters.

PARIS—The grand vizier told the council of ten that the young Turks, the former German emperor and Russian greed for Constantinople were responsible for Turkey's entrance into the war.

Governor Cox Will
Not Interfere with
Toledo Boxing Match

By Associated Press Leased Wire

Toledo, June 18.—Tex Rickard, promoter of the heavyweight championship fight between Jess Willard and Jack Dempsey, here today expressed his satisfaction over the defeat of the bill in the Ohio legislature last night, which, if passed, would have empowered Governor Cox to prevent the match.

Admirers of Dempsey are surprised over the weight of the challenger, who tipped the scales yesterday at 201 pounds wearing only his trunks and boxing shoes.

Willard has a new sparring partner in camp who promises to be of valuable assistance. The new addition is Joe Chip, a middleweight of Newcastle, Pa. He is fast, lets his punches fly from all angles and half a dozen times yesterday caught the champion with stinging blows to the head and body.

French Warship with
Brazilian Officials
Aboard is Disabled

By Associated Press Leased Wire

Washington, June 18.—A wireless message to the navy department early today announced that the French cruiser Jeanne D'Arc had been disabled at sea and that the transport Imperator had taken off Dr. Pessoa, president-elect of Brazil, and his party who were en route to the United States from Lisbon. The message was sent by Admiral Benson who is returning home from France on the battleship Arkansas, with which ship the Imperator communicated.

Imperator Goes On.

Admiral Benson gave no details other than that the Jeanne D'Arc's engines became disabled yesterday about 3 o'clock Greenwich time and that three hours later the Imperator came up and took off the Brazilians. The position of the vessel at the time of the transfer was not given. The Imperator, which is bringing troops home from France, is expected to reach New York tomorrow morning. So far as was known here there were no passengers on the Jeanne D'Arc other than Dr. Pessoa and members of his party.

The fact that the Imperator did not stand by the disabled cruiser and that no mention was made of assistance being requested is taken here to indicate the French warship is in no serious danger. It is believed she will make her own repairs and that the transfer of the passengers to the American transport was simply to avoid delay.

SILVER

BELLWETHER OF THE METALS

The Old Silver Producers Have Awakened, offering Greater Investment Opportunities than the Wildest Expectations of several years ago. The world is entering an Era of Silver Kings. Evidence of a Gigantic Silver Boom is at hand and Now is the Time to Take Advantage of Actual Fortune-Making Markets.

SILVER RELEASED

The releasing of silver from Governmental control and the throwing of it on the free markets of supply and the demand points to runaway markets and the restoring of the precious white metal to its old estate—\$1.29 an ounce. The recent action of the market establishes the fact that silver is the metal of the hour—that silver shares will be the faster fortune builders of the future—that immense dividend possibilities are certain for a long term of years, meaning, those choosing the right silver stocks will make millions. Late advices from stock exchange centers show enormous silver share buying, which is the forerunner of the boom.

THUMB BUTTE

We are offering for public subscription, subject to prior sale, any part of 200,000 shares of Thumb Butte at 50 cents per share. The subscription books opening June 15 and closing June 25th, the day set for the beginning of operations. The stock is not listed as there is no good reason for such action at this time, it would only subject the stockholders' interests to the usual methods employed. The management will make application to have the stock listed when it will prove to be advantageous to the stockholders generally. At that time a gratifying active market is to be expected.

AN ERA OF SILVER SHARE
SPECULATION

Such as has ever been witnessed since the "coppers" started the stock market revolutions which resulted in Utah Consolidated, Trimountain, Butte & Boston, Boston & Montana and Trinity campaigns, is relentless and inescapable. You saw Butte sell for \$2.00, saw it start and never stop until it struck \$135.00, and the public made millions. You knew Butte was worth more. Just so with Thumb Butte. The opportunity is before you to buy Thumb Butte at fifty cents per share—just half of the par value—much below its intrinsic value—at a bargain price—to get in at the beginning.

INVESTORS OPPORTUNITY

Thumb Butte is the investor's opportunity of a decade, it is a silver issue of real, genuine merit, the sort of merit that makes money for its stockholders. It is merely a question of taking time by the forelock, to enjoy all the benefits of the upward swing of the market. A silver boom of gigantic proportions is at hand and you will soon see a mad, crazed scramble for the silver shares, a stampede for them, such as has never been known before in the history of Stock Companies. Meaning that those who choose the right silver stocks today, before the prices treble overnight, will make hundreds, yes thousands per cent on their investments.

A PREDICTION

We are predicting that the very day the first shipment of ore is made, Thumb Butte shares will make sharp advances and that it will not be obtainable at less than \$2.00 net—even twice that amount—and we will not be at all surprised to see it cross the \$5.00 mark by September First. We further predict that after this offering has been withdrawn and operations under way, there will be lively bidding for Thumb Butte at \$1.00 and upwards. We strongly urge immediate purchase of these shares to all investors at the present low price—we advise that as many shares be taken as can be comfortably held.

CONDITIONS OF SALE

There are no strings attached to this public stock offering and the terms are for immediate acceptance—immediate outright purchase. It is necessary that all applications for allotments be accompanied by draft or money order in full for the amount of shares applied for. Reservations may be made by telegraph, followed by application and remittance in first mail. If the issue is oversubscribed, we reserve the right to reject any application, or to allot a smaller amount of shares than applied for. The subscription books will be open for ten days, opening June 15 and closing June 25, at 50 cents per share.

SUMMARY AND CONCLUSION

Remembering that Thumb Butte has been honestly organized and that the Company will have every feature important to the success of silver mining at its disposal, the future possibilities of the share's is unlimited. Also remembering that the holdings of the Company are enormous, embracing a compact area of 181 acres, not dependant upon one ledge, but has six within its confines, each heavily mineralized independent of the other. These features, together with the fact that the Company has no bonded or other floating debt stamps Thumb Butte as the most meritorious stock offering in recent years and the best buy in the market today.

MILLIONS
Suffer from
Acid-Stomach

Millions of people suffer year after year from ailments affecting practically every part of the body, never dreaming that their ill health can be traced directly to acid-stomach. Here is the reason: poor digestion means poor nourishment of the different organs and tissues of the body. The blood is impoverished—becomes weak, thin, sluggish. Ailments of many kinds spring from such conditions. Biliousness, rheumatism, humpago, sciatica, general weakness, loss of power and energy, headache, insomnia, nervousness, mental depression—even more serious ailments such as catarrh and cancer of the stomach, intestinal ulcers, cirrhosis of the liver, heart trouble—all of these can often be traced directly to acid-stomach. Keep a sharp lookout for the first symptoms of acid-stomach—indigestion, heartburn, belching, food repeating, that awful painful bloating, flatulence, and sour, gassy stomach. EATONIC, the wonderful modern remedy for acid-stomach, is guaranteed to bring quick relief from these stomach troubles. Thousands say they never dreamed that anything could bring such speedy relief—and make them feel so much better in every way. Try EATONIC and you, too, will be just as enthusiastic in its praise. Make your life worth living—no aches or pains—no blues or melancholy—no more of that tired, listless feeling. Be well and strong. Get back your physical and mental punch; your vim, vigor and vitality. You will always be well and alive as long as you have acid-stomach. So get rid of it now. Take EATONIC Tablets—they taste good—you eat them like a bit of candy. Your druggist has EATONIC—50 cents for a big box. Get a box from him today and if you are not satisfied he will refund your money.

OBITUARY.

OSCAR VAN TASSEL.

The following obituary was taken from a Bozeman, Montana, paper and has reference to the late Colonel Oscar Van Tassel, who was captain of Company F, 34th Illinois Regiment at the beginning of the Civil War. Company F contained many Grand Detour veterans who hold the memory of Colonel Van Tassel in loving remembrance.

Oscar Van Tassel, who had reached the ripe age of 83 years, passed away at his home, 249 Lindley Place, Bozeman, Montana, by Sunday evening, December 15, 1918, and was buried in the Bozeman cemetery, December 18, 1918.

LEGAL PUBLICATION.

SPECIAL ASSESSMENT NOTICE

NOTICE IS HEREBY GIVEN to all persons interested, that the Council of the City of Dixon, a municipal corporation, in the County of Lee and State of Illinois, has by LOCAL IMPROVEMENT ORDINANCE Number 191, Series of 1919, passed by the Council of said City of Dixon on the 29th day of April, A. D. 1919, and approved by the Mayor of said City on the 29th day of April, A. D. 1919, provided for the furnishing of the labor and materials for, and the construction of vitrified tile pipe sewer for storm water and sanitary purposes with manholes, catch basins and house connection laterals in Jackson Avenue in the City of Dixon, Illinois, from the manhole heretofore constructed at the intersection of Seventh street, southerly to a point Three Hundred and Forty (340) feet south of the center of Ninth Street in said City.

The said manholes are to be constructed along the line of the sewer aforesaid and located as follows: At the center line of Eighth Street; At the center line of Ninth Street; At the southerly terminus of the said sewer.

The said catch basins will be located as follows, to wit: At the Northeast corner of the intersection of Jackson Avenue and Eighth Street; At the Southeast corner of the intersection of Jackson Avenue and Eighth Street; At the Southwest corner of the intersection of Jackson Avenue and Ninth Street; At the Southwest corner of the intersection of Jackson Avenue and Ninth Street.

That said Ordinance is now on file in the office of the City Clerk of the City of Dixon, Illinois; that application has been made to the County Court of Lee County, Illinois, for an assessment of the cost of said improvement according to benefits, as provided by law and said Ordinance; that an assessment therefor has been made and returned to said court, and that the final hearing thereon will be had before said Court, in the County Court room in the Court House, in the said City of Dixon, County and State aforesaid, at 9 o'clock in the forenoon on the 7th day of July, A. D. 1919 or as soon thereafter as the business of the court will permit.

All persons desiring to make objections to said assessment in said court, before said time and may appear at said hearing and make defense.

Said assessment is payable in ten (10) annual installments. All installments bear interest at the rate of Five Per Cent (5%) per annum, according to law, until paid.

Dated at Dixon, Illinois, this 6th day of June, A. D. 1919.

Harold F. Sheller, Commissioner. 14015

He was born in Westchester county, New York, December 16, 1835. His father, Jacob Van Tassel, being a farmer, Oscar's early life was passed in his home county, his education being in the district schools. He learned the trade of a miller. When he was nineteen years old he moved to Illinois where in 1861 he raised a company for service in the Civil war and was made a captain in command of Company F, 34th Illinois Volunteer infantry. He was mustered into service about September 6, 1861, and for four years saw constant active service, participating in some of the important battles of the war, being absent from duty only when receiving surgical attention for his wounded right arm.

He made a brilliant military record and was commissioned lieutenant-colonel in command of his regiment, February 14, 1863. He was honorably discharged at the end of his enlistment, November 6, 1864, at Atlanta, Ga.

After the war he returned to Page county, Ill., where he remained a few years and then went to Mason City, Ia., where he followed the miller's trade.

On November 30th, 1864, Colonel Van Tassel was married to Miss Emily Moore at Naperville, Ill. In 1882 he came to Bozeman, Mont. His family joined him in 1883 and they have made their home at Bozeman ever since.

Three children were born to them all of whom are living and were with the mother when their father passed away. They are: Mrs. James Vaughn, Mrs. George Van Fleet and Charles Van Tassel, the only son. There are three grandchildren: Mrs. Harry H. East, George Van Fleet, Jr., and Oscar Raymond Van Fleet. Deceased leaves one sister in New York.

During the first few years of Colonel Van Tassel's residence in this city he was engaged in milling. He then became interested in mining in connection with the Great Eastern mine at Emigrant gulch. For the past few years he has not given much time or attention to business.

He was a charter member of William English Post, No. 10, G. A. R., and Mrs. Van Tassel has been an active member of the Women's Relief Corps connected with this post. Both enjoyed the meeting of the veterans and their families on many occasions.

The funeral was from the home in Lindley Place at 1:30 p. m. Tuesday, and the remains were interred in the Bozeman cemetery. Rev. Lee H. Young officiated at the services which were private. Mrs. D. D. Smith sang, "The End of a Perfect Day"; Miss Zada Sales played a selection on the piano; at the cemetery the G. A. R. members held a short service and Charles Backus sounded taps. The pall bearers were three Spanish-American war veterans and three G. A. R. members: L. W. Watson, Reese Fransham, A. C. Harding, H. J. Harager, R. A. Nunnely, Arthur Truman.

Resolved: That in the death of Comrade Van Tassel the members of our Post have suffered a personal loss too deep for expression. We can only lay our tribute of love upon his tomb. He possessed a sunny disposition and was one of the most ardent workers and strongest patriots.

Resolved: That a copy of these resolutions be furnished the local press and a copy be given to the widow and fam-

ily and that a copy be read upon the minutes of the Post.

Committee on Resolutions:

W. Y. SMITH,
GEORGE T. BROWNING,
D. I. BRENNEMAN.

3 WAYS TO KEEP YOUR CAR AT ITS BEST

Neglect, more than wear and tear, kill the qualities that first made your car a pleasure and comfort. Not intentional neglect, but just because you didn't have the necessary remedies at hand.

Here are three AD-EL-ITE Auto Specialties for you to buy and use when the car needs them.

FOR TROUBLESOME MOTORS

You can't stop the carbon from forming, but you can prevent trouble by getting rid of it.

AD-EL-ITE Motor Carbon Remover makes it a quick, simple job. Pour a little in, start the motor, and in a few moments your trouble will be over. No lay up.

Cleans out the hardest carbon without damage or danger. It cannot injure metals.

Thoroughly removes carbon and the cause of knocking, back-firing, valve trouble, fouled plugs, hard starting, missing, and a waste of from 10 to 25% in gas and oil.

OLDCARSMADE LIKE NEW OVER NIGHT

You will take more pride in your old car if you renew its youth and beauty yourself.

AD-EL-ITE COLORED VARNISHES

are easily applied and give splendid results for the owner who does the job at home.

The finish dries over night. Dust free—many attractive colors. Gives an economical lasting finish and does not streak or lap. Economy and perfection combined.

CORN CONTINUES ACTIVE; GAIN IS MADE AT OUTSET

By Associated Press Leased Wire
Chicago, June 18.—It was an active and unsettled market today in corn. Free selling carried prices down at the outset, but a sharp rebound ensued when shorts began to cover on a broad scale. Current gossip indicated a further shrinkage of receipts and a material reduction of planted acreage. Opening quotations which ranged from the same as yesterday's close to 1 1/4 down with July 1 1/4 to 1 1/2 and Sept. 1 1/2 to 1 1/4, were followed by a decided advance all around.

Oats took an upward swing with corn. After opening 1/4 lower to 1/2 gain, including July at 69 to 69 1/2, the market made a quick general ascent. Provisions were weak owing to declines in the value of hogs. Strength in grain was an offset only in part.

All deliveries rose to the highest level yet this season. It was estimated that the planted acreage this year would be the smallest since 1909. Prices closed strong, 2 1/2 to 3 1/4 higher, with July 1 1/2 to 1 1/4 and Sept. 1 1/2 to 1 1/4.

PORTNER FAMILY REUNION—

Mr. and Mrs. J. D. Portner, of Grand Detour, entertained relatives to the number of fiftythree on Sunday in honor of their son, Oliver, who has recently returned from overseas service. A delicious picnic dinner was served at 12:30 o'clock. Each family brought well filled baskets. Everyone enjoyed the delightful occasion and are planning for a similar picnic soon.

Those present were: Mr. and Mrs. H. Portner and family, Mr. and Mrs. Cyrus Toms and two sons, and Ruth Portner, of Pine Creek; Mr. and Mrs. Grover Portner and little daughter, of Aurora; Mr. and Mrs. H. Portner and two sons, Mr. and Mrs. Irvin Pratt and two sons and one daughter, Mrs. Josiah Cox and Mrs. Amanda Wolf, Mr. and Mrs. Lewis Portner and daughter, of Rock Falls; Mr. and Mrs. Howard Spunkle, daughter and two sons, of Van Petten; Mr. and Mrs. Ralph Dick-ey, son, and daughter, of Harmon; Mr. and Mrs. Earl Portner, son and daughter, of Ambury; Mr. and Mrs. Roy Portner and two sons, Mrs. Pearl Thompson, and W. J. Rice, of Sterling; and Ray Portner of The Bend.

CALIFORNIA PICNIC—

The Tenth Annual Picnic of the Dixon, Ill., and Lee Country Association of Southern California will be held Saturday, July 19th, from 1:30 to 7:00 p. m., in Sycamore Park, Los Angeles. All former and present residents of Lee county are cordially invited to be present, to meet old friends, shake the glad hand, and have a good time. A picnic dinner will be served under the trees at 5 p. m., with a charge of 25 cents per family (yearly dues) to help defray expenses. Hot coffee will be served and badges given to members and their members and their friends. A short miscellaneous program will be rendered during some part of the afternoon. For further information write to Geo. E. Krinbill, president of the association.

ARTISTS IN GRANDY—

The thirty Chicago artists, members of the "Friends of Our Native Landscape" organization, after leaving Dixon on Saturday went to Grand Detour and dined at the Sheffield hotel. Mars-mallow Rock, west of the Grand Detour bridge, was their rendezvous in the evening. There they built a huge bonfire around which they sat as various members gave talks. A number of Grand Detour friends were invited to the proceedings and among these was Dr. Pankhurst, who reviewed for them the history of Grand Detour in the early days. Chief Longfellow also made a speech. At this meeting they also chose their officers for the coming year. Sunday morning found them on their way to Castle Rock and the Black Hawk monument and at noon they were again at Grand Detour where they were dinner guests at the Sheffield. By boat they came to Lowell Park and returning to Dixon, left that evening for Chicago.

BEERY-BURNS—

The marriage of Lester W. Berry, of Tama City, Ia., to Miss Emma J. Burns of Sterling, Ill., took place yesterday afternoon at 2:30 o'clock at the parsonage of the First Presbyterian church here. They were accompanied by a cousin of the bride. Mr. and Mrs. Beery will make their home in Iowa.

ENTERTAINED FOR SOLDIER—

Mr. and Mrs. J. B. Long entertained about twenty-five relatives and friends at their beautiful country home near Harmon Sunday, in honor of their friend, Joseph Branigan, of Chicago, who has recently returned from France.

INVESTIGATE CAUSE OF DEATH AND SICKNESS OF CATTLE

Local veterinaries are today investigating the peculiar death of two head of cattle and the sickness of several other head in the Northwestern stock yards in this city last night. When the doctors were called to the yards early this morning a number of cattle were very ill and they had all symptoms of indigestion. Post mortems were being held on the dead cows this afternoon to determine if possible the cause of their death.

ON PLEASURE TRIP—

Clark and Leander Hess left Tuesday evening on a motoring pleasure trip, which included Gilbert, Elgin and DeKalb. They will be gone several days.

"VICKEY VAN"

Hand-colored Review. Mutt and Jeff and Lloyd comedy. This is a dandy show.

TOMORROW—"Bolshevism on Trial," from the novel, "Comrades," by Thomas Dixon. The inside workings of the Bolshevist party are graphically told in "Bolshevism on Trial." Not a propaganda picture. Not a war picture, but a special attraction. Timliest photoplay ever screened.

Matinee daily, except Sunday and Monday, at 2:30. Night show Saturday and Sunday starts at 6:45; other nights at 7:15.
